Telex Transfers For T/T payments (also known as International Money Transfers or wires) you simply need to instruct your bank to transfer the invoiced amount from your account to one of our bank accounts.

Please select the one that your bank has a connection with. Your bank will debit your account and the transfer will be immediate. The payment is usually credited to our account about 3-7 days later. Your bank will charge you a transaction fee for this service - which varies from bank to bank and in different countries.

Please note that you are entirely responsible for this fee so that payment is only complete once we receive the invoiced amount in full.

As soon as we receive the payment confirmation from PayPal or The Bank Money Transfer, we will send you a "Confirmation eMail". Please print and bring this for checkin.
